

Shiplap Nickel Gap

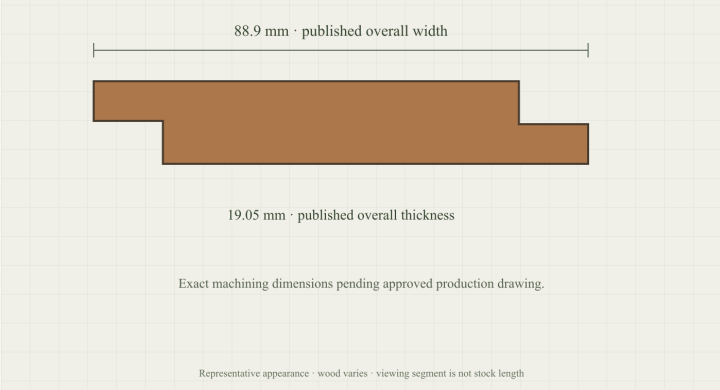

1×4 nominal • PROFILE-1X4-SHIPLAP-NICKEL-GAP

BOARD / PROFILE ILLUSTRATION

Representative appearance · wood varies · viewing segment is not stock length

CROSS SECTION / PROFILE ILLUSTRATION

JOINED / PROFILE ILLUSTRATION

Joint concept only · engagement, reveal, gap and attachment require approved details

Published overall width	88.9 mm
Published overall thickness	19.05 mm
Production geometry / machining tolerance	Pending approved production drawing
Installed gap / reveal / exposed face	Pending verification
Clip system / screw specification	No verified match established

Illustration. Shape proportions and wood appearance are representative. Not a fabrication, installation or structural drawing. Stock-only views indicate that the profile cut is unavailable. Do not scale illustrations or infer joint engagement, fastener fit, or procurement quantities.

Overall-size source: Ipe Woods USA, published milling catalog. Exact production geometry requires the approved mill drawing. Catalog listing does not confirm current availability.
